Chairman Feinberg --

We have received the Tribunal's briefing order from earlier this morning and we are consulting with our client (and Ukrainian counsel) on what steps we may take in response. We will let the Tribunal and Mr. Sills know shortly what our position is.

Also, because we have not been involved in any aspect of the current Ukrainian proceedings (out of an abundance of caution given the various orders from Judge Lynch, which are currently being appealed), we are unaware of the order referred to below. We will endeavor to obtain a copy and translation. If you would send us a copy of the order, that would expedite the translation.

Regards,

To all:

The Tribunal has just received a communication in Ukrainian from a Court in Kiev relating to our matter. We need a translation. Thank you.
